

Immersion Application

“Experience Your Dreams”

Thank you for considering the MSV EDUCATIONAL NETWORK’s English Language Immersion program to help you reach your language objectives. We appreciate the dedication and hard work that it takes to learn another language, and we are ready to help you experience your unique, personal dreams.

The MSV EDUCATIONAL NETWORK will provide a complete immersion program for the employees of Receita Federal, other federal agencies, and additional guests. In a complete immersion program, 100 percent of class time is spent in the English language, and all subject matter is taught in that language. The objectives for each student are:

- to become functionally proficient in the English language,
- to master the subject content taught in English,
- to increase by one level their present level on the Common European Framework (CEFR), and
- to achieve federal certification for proficiency in the English language.

To apply for the MSV EDUCATIONAL NETWORK’s English Language Immersion, please complete the following application and return it to us.

PERSONAL:

Name Date

Email Address

Cellular Number Home Telephone Number

Address City

Profession Employer
